On and Off the Ship:

You will be asked to present your keycard upon disembarkation and re-embarkation of the "Symphony of the Seas".

Individuals not reporting back in to the ship by the posted times will be left behind and will have to make their own arrangements. Your passport will be given to the Port Authority if you miss the ship. Please keep in mind that you need to be back on the ship at the announced on-board times.

Please make sure to carry sufficient cash or your credit card and a valid ID (recommended is to have a copy of your passport with you) just in case you are unable to make it back to the ship on time.

Dining:

All Inclusive information:

Unlike on previous cruises, **there are no assigned eating times in the Main Dining Room.** Whenever you wish to dine, just come together as a group to the Main Dining Room on Deck 4 and the restaurant crew will find a seating space for you. The Main Dining Room opens from 18:00 until 21:30 (entering the restaurant). The capacities in the restaurant are lower than the number of people on board, therefore we need your cooperation in keeping your dining time to no longer than two hours so other guests have a chance to get seated as well, at a later time. The buffet restaurant "**Windjammer**", the restaurant "**Solarium**" and some other venues are available for dining also – choose your preferred eating time at no cost.

Specialty restaurants (not included by Amway):

There are many additional specialty restaurants for your dining pleasure:

Steak restaurant "Chops" is open daily for dinner (18:00 - 21:30). If you choose to eat here, you will be charged USD 49.00 plus tax for dinner per person.

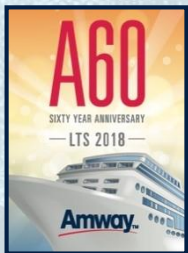

"Jamie's Italian" by Jamie Oliver (18:00 - 21:30) offers fresh Italian food, costs for this restaurant USD 35.00 plus tax for dinner per person.

"Hooked" seafood restaurant for USD 39.00 plus tax per person, "150 Central Park" for a proper gourmet experience at USD 45.00 plus tax per person

Last but not least "Wonderland", a very unique dining experience with food being served in a way you have not seen before by waiters you have not experienced before... at USD 49.00 plus tax per person
If you are interested in visiting the specialty restaurants more frequently, RCCL offers discount packages for Amway guests

Drinks package:

Amway provides you with a drinks package which includes all drinks which cost up to USD 13.00 per glass. This includes soft drinks, juices, smoothies, beer, most wines as well as all cocktails up to USD 13.00 and is valid in ALL restaurants, bars and venues, with the exception of the Starbucks Café. When ordering a beverage, you will be asked for your stateroom key as a guarantee of your age. The waiters will advise you if you exceed the drinks package fee of USD 13.00 per glass. In this case, you will have to pay the \$\$ difference. Upon your arrival, the Symphony of the Seas will provide a tumbler per person on your cabin. This is to be used as the glass to fill in your soft drinks from the tabs available in the restaurants and cafes aboard.

Amway Events Europe App

As for all the other LTS this year, the A60 LTS cruise will be supported by a guide in our new Amway Events Europe app.

All you need to know about this event in the palm of your hand: a detailed agenda, pictures, videos, latest news and a lot of additional information about the ship and the activities on board! Always available, always up to date!

More information about how to download the app and the event guide will follow shortly in a separate email.

Tipping:

While it is standard to tip the employees on board of a cruise ship at the end of a journey, Amway is covering for all the tips. Should you still feel like giving an additional tip to your cabin steward for outstanding service, please feel free to do so.

Dress code:

Casual on all days with the exception of the Regional Specific Business Meetings (business casual) and the Emerald Cocktail (on invitation, elegant). Please refrain from wearing swimwear in the inside restaurants.

Health & Safety

Translated cabin safety instructions can be found in your cabin and the safety video is shown on TV in your cabin.

This sheet informs you of all necessary action to take in case of an emergency, including the ship's emergency alerts, such as the alarm sounds and where to assemble in case of an emergency. Safety vests are provided in case of an emergency at your muster station.

SAFETY DRILL

By law, **everyone is required to participate in the safety drill**

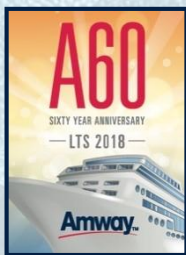

On the evening of day 1 at 17:00, there will be a mandatory safety drill. Proceed to your muster station indicated on your sea pass card. No life jackets are involved in the safety drill. . Should you not have participated, there will be another drill later that night.

If you have any questions about the above information or your safety instruction sheet, please contact the Amway Hospitality Desk immediately.

Medical facilities

The Symphony of the Seas has an onboard Medical Center staffed by licensed physicians and critical care nurses. While not a full-service hospital, the Medical Center is well equipped to handle most emergencies and routine medical procedures. **The medical facility is located on Deck 2.** The opening hours are published in the daily program inside your cabin. In an emergency you can **dial 90** from any ship phone. Patients at risk will be taken off the ship in the next port of call. If you need special medication, you need to bring these in sufficient quantities for your entire cruise and bring them in your hand baggage.

If you know you experience motion sickness, it is recommended that you bring your own medication. The Medical Center is able to support in case of need.

Internet and roaming

The internet of the ship works at all times. When not in port, we strongly advise you to turn off the roaming function of your mobile devices. Otherwise they will be connected to satellite and you might end up with enormous costs.

Access to the internet:

- Connect to "royal wi-fi" on your own device to get started.
- Open your Internet browser and register for the package of your choice (0\$ package)
- Enjoy VOOM, the fastest internet at sea
- Logoff one device to use another by typing logoff.com into your browser

Amway will cover the internet fees for all attendees. RCCL claims to have the fastest internet at Sea, so we expect reasonably good internet coverage for all participants. However, Skyping and FaceTime Live are not recommended due to potential bandwidth issues

Payment on board

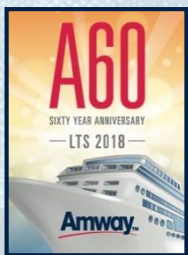

The currency on board is US Dollars. As you enter your cabin, your keycard can be found in the holder by your cabin door. This key card serves as your cabin key and ship ID for leaving and returning to the ship as well as your form of payment onboard (cash of any kind is not required). You will be asked to present a credit card upon check in unless you already pre-registered your credit card during the RCCL online registration. The following cards are accepted onboard: American Express, Visa, MasterCard, Diners Club.

An invoice will be delivered to your room the night before departure if you had costs, please go to the front desk that evening to clear your bill. If RCCL has your credit card details, your room incidentals will automatically be charged and you do not need to check out at the front desk of the ship.

You can pay in your home currency; all major currencies are accepted. As noted above, please note that RCCL adds taxes and gratuities on all purchases.

Payment on land

We will visit France and Italy where the currency is EUR. Credit cards are widely accepted in all visited countries.

Travel documents

If you do not have proper documentation upon arrival in Barcelona (visa if necessary, RCCL documents), you will not be admitted onboard of the Symphony of the Seas. Each traveller needs the approval to enter Spain, France and Italy and needs to hold a valid passport or EU ID. If you need any help with the visa requirements, please contact your affiliate office.

Babies and pregnant women

Please note that the same travel documentation is required for babies and children. Please notify your affiliate Special Events office if you are bringing a baby. Babies younger than 6 months will not be permitted on this voyage. In addition, RCCL (Royal Caribbean International) cannot accept guests who will have entered their 24th week of pregnancy by the beginning of, or at any time during the cruise.

Storing your valuables

All cabins are equipped with an electronic safe. There is no charge for using this safe and it is recommended that you place all items of significant value and any cash in them.

Photo service and Filming

Our Amway photographers and videographers (wearing Amway name badges) will take pictures and videos onboard and on the excursions. These photos will be provided to you on our Amway Events Europe Facebook page.

In addition, the RCCL photographers will take pictures of you. If you wish to purchase these pictures, please go and visit RCCL at the "Picture This" Area on Deck 6.

We respectfully ask that you abide by the ship's regulations on the filming of Shows, Performances and their staff.
